

PRODUCT DATASHEET

RECOMMENDED FOR USE IN:

Carriageways carrying fast moving traffic and areas that are subjected to heavy wheel loads such as docks and container port areas.

Combining a double triangular grating design with a V profiled seating for additional stability, the Silent Knight range of E600 access covers provides a durable solution in the most demanding of heavy duty applications.

ACCREDITATION

Third party certified by BSI and kite marked to the requirements of BS EN 124. Compliant to the requirements of Highways England advice note HA104/09.

HEALTH & SAFETY

For use on deeper chambers all sizes have the option of being supplied with an integral anti-fall safety grid.

PERFORMANCE

Three point suspension ensures non-rock and silent in operation performance.

SECURITY

Available as a bolt down variant to deter unauthorised access offering increased asset security.

ROAD SAFETY

Multi-directional raised chequer design with independently verified skid & slip resistance values.

SAVE TIME & COST

A number of sizes are available with the Install Plus frame levelling and installation system.

SILENT KNIGHT E600 ACCESS COVER RANGE
