Material and coating:

- Frame and cover in Ductile Iron EN GJS 400-15: water base or bituminous coating

Field of application:

- B125 class (Group 2) according to standard EN124-2, footways, pedestrian areas and comparable areas, car parks and car parking decks.

Origine France Garantie

- This product is made in France in our foundry in Blénod-les-Pont-A-Mousson (54), and is certified Origine France Garantie. This guarantees consumers that the product is made in France in accordance with specifications available on originefrancegarantie.fr. The certification number is: BVCert 6026906.
- “Origine France Garantie certification is awarded by an independent certification body. Checks are then carried out every year to ensure that the product is indeed 100% made in France and that at least 50% of the product's manufacturing costs (including raw materials) are of French origin”.»

Main characteristics:

- Hydraulic manhole cover (anti-odor function).
- Frame provided with legs of anchoring for the bedding on workings.
- Uprising of the cover, analog with the traditional hydraulic manhole cover.

The information on this sketch is, to the best of our knowledge correct at the time of printing. However Saint-Gobain are constantly looking at ways of improving their products and services therefore reserve the right to change without prior notice, any of the data shown. Any orders placed will be subject to our Standard Conditions of Sale, available on request.
