Material and coating:

- Frame and grating in Ductile Iron EN GJS 400-15: water base

Origine France Garantie

- This product is made in France in our foundry in Blénod-les-Pont-A-Mousson (54), and is certified Origine France Garantie. This guarantees consumers that the product is made in France in accordance with specifications available on originefrancegarantie.fr. The certification number is: BVCert 6026906.
- *"Origine France Garantie certification is awarded by an independent certification body. Checks are then carried out every year to ensure that the product is indeed 100% made in France and that at least 50% of the product's manufacturing costs (including raw materials) are of French origin".»*

Field of application:

- C250 class (Group 3) according to standard EN 124-2, destined to the circulated pavements and similar locations exposed to the access of vehicles.
- Omnidirectional punctual collection.
- Conform to the legislation concerning the progression of the people with reduced mobility.

Main characteristics:

- Possible rotation of the grating of 90° in its frame
- Automatic locking by spring bar
- Simple assembly and fast disassembling
- Protection against theft, cannot be dismantled without tool
- Anti-skid surface designed to optimize water absorption
