Origine France Garantie

- This product is made in France in our foundry in Blénod-les-Pont-A-Mousson (54), and is certified Origine France Garantie. This guarantees consumers that the product is made in France in accordance with specifications available on originefrancegarantie.fr. The certification number is: BVCert 6026906.
- *“Origine France Garantie certification is awarded by an independent certification body. Checks are then carried out every year to ensure that the product is indeed 100% made in France and that at least 50% of the product's manufacturing costs (including raw materials) are of French origin”.»*

Materials and coating:

- Basin, pipe and hooks in Ductile iron EN GJS 400-15: Bituminous coating

Field of application:

- This device is fitted in shafts topped with all types of gratings.
- For shafts with inside dimensions of 500 and 700.
- The frame must be horizontally placed in the wall of the chimney of square section to enable a stable support between wall and frame.

Main features:

- The odor-tight inlet acts as a valve and prevents odors rising.
- The level of kept water in the tank (vat) makes a siphon. It contributes to improve public hygiene.
- Absence of friction in the moving part thanks to the system of suspension with counterweight of the tank.
- The opening of the vat is ensured by the weight of water.

Quantity of water necessary to open the vat:

- P.A.G n°2 = 2 liters.
- P.A.G n°3 = 4 liters.

The information on this sketch is, to the best of our knowledge correct at the time of printing. However Saint-Gobain are constantly looking at ways of improving their products and services therefore reserve the right to change without prior notice, any of the data shown. Any orders placed will be subject to our Standard Conditions of Sale, available on request.
