Holes dimensions: width → 23.6 to 24mm length → 65 to 148 mm

Material and coating:

- Frame and grating in Ductile Iron EN GJS 400-15: water base

Origine France Garantie

- This product is made in France in our foundry in Blénod-les-Pont-A-Mousson (54), and is certified Origine France Garantie. This guarantees consumers that the product is made in France in accordance with specifications available on originefrancegarantie.fr. The certification number is: BVCert 6026906.
- *“Origine France Garantie certification is awarded by an independent certification body. Checks are then carried out every year to ensure that the product is indeed 100% made in France and that at least 50% of the product's manufacturing costs (including raw materials) are of French origin”.»*

Field of application:

- C250 class (Group 3) according to standard EN 124-2, destined to the circulated pavements and similar locations exposed to the access of vehicles.
- Omnidirectional punctual collection.

Main characteristics:

- Articulated rectangular flat grating.
- Frame with flanges on 3-sides for installation along a kerb.
- The bedding must be carried with the grating in its frame, this enabling that she cannot be dismantled.

The information on this sketch is, to the best of our knowledge correct at the time of printing. However Saint-Gobain are constantly looking at ways of improving their products and services therefore reserve the right to change without prior notice, any of the data shown.
