

Carriageway 4 D400 Access Cover

Combining a double triangular grating design with the Silent Knight V seatings for stability, the Torrent range of D400 gratings provides a durable long lasting solution. Due to its large size the Torrent range is particularly suited to applications where efficient water clearing performance is required such as catchpits, carriageway verges or surface water catchment areas.

ACCREDITATION:

Third party certified by BSI and kite marked to the requirements of BS EN 124. Compliant to the requirements of Highways England advice note HA104/09.

WATER CLEARING EFFICIENCY:

An efficient water clearing capacity aids the effective removal of surface water.

PERFORMANCE:

Double triangular grating utilising 3 points of suspension to ensure it is non rock and silent in use.
