

Identification caps of underground network for PARXESS manhole cover

Four different caps intended to protect the head of lock are available as an option. Those caps show one a useful pictogram to identify the nature of underground network associated with the manhole cover :

Type	Packaging	References
Set of 4 identification caps of underground networks		C42

They can be fitted on the cover even if the lock is not mounted:

- Wastewater
- Lighting
- Traffic lights
- Water meters
- Storm water
